# Chairman's Letter

On behalf of your Board, it is my pleasure to report on the performance of the Asia Pacific Data Centre Group (APDC, the Group) for the period ended 30 June 2013.

APDC achieved all the milestones set out in the prospectus and product disclosure statement (PDS) dated 3 December 2012 – it was profitable for the period and paid total distributions of 3.18 cents per stapled security representing a distribution yield of 9% (annualised) on the \$1.00 issue price.

APDC has a quality portfolio of two operational data centres in Melbourne (M1) and Sydney (S1), and another under construction in Perth (P1). We have one tenant, NEXTDC Limited (NXT), under long term leases of the data centres at M1 and S1. The annualised rental income from these leases is \$9.94 million per annum. These leases are on a triple-net basis, therefore there are no operating or outgoing expenses for the properties payable by the Group. APDC also earned rent on the unimproved land at S1 (up to practical completion) and P1.

NXT is developing the P1 data centre located at Malaga, Perth. The Group expects to acquire the P1 base building on practical completion in November 2013. The development fee payable by APDC for this acquisition is \$23.8 million. At the time of APDC's initial public offering and as stated in the PDS, NXT granted APDC the right to issue convertible notes to NXT in satisfaction of the P1 development fee. The key commercial terms of the convertible notes are set out in the PDS. The Board is currently exploring financing options in relation to the funding of the P1 acquisition.

APDC has an alliance with NXT which provides the parties with rights and obligations in relation to the acquisition, development and operation of further data centres in Australia and the Asia Pacific region. While the current focus is on the practical completion of the P1 data centre, APDC will consider future acquisitions in collaboration with NXT.

I pay tribute to our Chief Executive Officer, Francina Turner, for her dedication and expertise in meeting the challenges of our first period of operation.

On behalf of my fellow Directors, I thank you for your support of APDC through the Initial Public Offer and payment of the final instalment and I look forward to your continuing investment in APDC.

# Corporate Governance Statement

## Introduction

The ADPC Group (APDC, Group) is comprised of Asia Pacific Data Centre Holdings Limited (APDC Holdings) and Asia Pacific Data Centre Limited (APDC Limited) as responsible entity for Asia Pacific Data Centre Trust (APDC Trust). APDC Limited holds Australian Financial Services Licence (AFSL) No. 426 503.

The shares of APDC Holdings and the units of APDC Trust are stapled and listed on the Australian Securities Exchange (ASX). The ASX Corporate Governance Council's 'Corporate Governance Principles and Recommendations' (Principles), provide a framework for good corporate governance. The recommendations are not prescriptive. However listed entities are required to disclose the extent of their compliance and, if any ASX recommendations have not been followed, must give reasons for not following them.

APDC is committed to meeting securityholders' expectations of sound corporate governance, while delivering sustainable value to securityholders and investors. APDC recognises the importance of good governance in achieving corporate objectives in a cost effective manner, in discharging its responsibilities to all stakeholders and in addressing the broader role of being a good corporate citizen.

APDC's governance framework is designed to ensure that the Group is effectively managed, statutory obligations are met, and APDC's culture of corporate integrity is reinforced. The corporate governance policies are identical for ADPC Holdings and APDC Limited.

Details of the corporate governance practices, systems and processes in place within APDC, which were followed throughout the period are provided below. APDC's key corporate governance policies can also be found on its website, [www.asiapacificdc.com](http://www.asiapacificdc.com).

## Principle 1 – Lay solid foundations for management and oversight

The boards of APDC Holdings and APDC Limited have the same members, and have identical corporate governance policies. The term Board hereafter should be read as a reference to either or both of these Boards. The Board is accountable to investors for APDC's performance and is responsible for the overall management and governance of APDC. The Board's guiding principle in meeting this responsibility is to act honestly, in good faith and in the best interests of APDC as a whole and of its security holders, and in accordance with the law and APDC's code of conduct.

### Board Charter

APDC has adopted a Board Charter which notes that the Board retains responsibility for the overall operation and stewardship of APDC but that authority to act on behalf of the Board may be delegated to the Chief Executive Officer under a Statement of Delegated Authority.

In accordance with the Charter, the Board is responsible for:

- approving the strategic objectives of APDC and establishing goals designed to promote the achievement of those strategic objectives;
- approving and monitoring systems of risk management and internal compliance and control, codes of conduct, legal compliance and ethical standards;
- approving investments and ongoing evaluation of those investments;
- approving and monitoring financial and other reporting;
- remuneration and nomination functions;
- monitoring senior management's performance (against the goals and objectives established by the Board); and
- approving any public statements which reflect significant issues of APDC's policy or strategy.

---

The Board Charter also permits the establishment of Board committees in the interests of good governance and adopting charters relating to the responsibilities of such Board committees.

The Board holds regular, scheduled meetings and additional meetings are convened as required. Board papers are designed to focus Board attention on key issues and standing items include major strategic initiatives, corporate governance, compliance, tenant and development updates and financial performance.

The number of Board meetings held and Director attendance at those meetings is included in the Directors' Report at page 15.

### **Performance of the Chief Executive Officer**

A combination of financial and non-financial key performance indicators (KPIs) will be used to monitor the performance of the Chief Executive Officer (CEO). The performance of the CEO will be assessed at least annually by the Chairman who will then make recommendations to the Board. The CEO's performance evaluation will be conducted by December 2013. This timing is appropriate given APDC is only in its first year of operation.

## **Principle 2 – Structure the board to add value**

### **Board composition**

The required composition of the Board is set out in the Board Charter. The Board of Directors will comprise of no less than three and no more than ten Directors at any one point in time.

Currently, the Board consists of six Directors, comprised of an independent Chairman (Ian Fraser), two other independent directors (John Wright and Chris Breach) and 2 non-independent directors (Greg Baynton and Bevan Slattery), and one non-independent executive director (Francina Turner). Profiles of each Director, including details of their skills, expertise and experience can be found in the Directors' Report. Together, the Directors have a broad range of experience, expertise, skills, qualifications and contacts relevant to the business of APDC. Further details on Directors' skills experience and period in office is included in the Directors' Report at page 21.

### **Appointment and Induction**

Each Director is provided with a formal appointment letter setting out the key terms and conditions of their appointment. Any new directors appointed will be provided with an induction, including key documents and discussions with key persons.

In addition the CEO (currently the only executive) has been provided with a formal appointment letter, including expectations of her role, term of appointment, termination entitlements and rights and responsibilities.

### **Director independence**

APDC and the Board recognise that independent Directors are important in assuring investors that the Board is properly fulfilling its role and is diligent in holding management accountable for its performance. Accordingly, the Board will endeavour to have at least 50% Independent Directors and an Independent Chairman. The independence of directors is assessed annually by the Board in accordance with criteria set out in the Board Charter. Currently, three out of six directors are independent directors.

At this stage the Board does not have a majority of Independent Directors, however there is a majority of Non-executive Directors. The Board has assessed that this composition is appropriate for the current stage of APDC's development.

---

In assessing a director's independent status, the Board has adopted a materiality threshold of 5% of APDC's equity on issue or 5% of operating revenue or expenses (as appropriate).

Directors' interests in securities are detailed in the Remuneration Report.

### **Board performance**

In accordance with the Board Charter, the Board undertakes an annual performance evaluation of itself that compares Board performance with the requirements of the Charter and sets forth the goals and objectives of the Board for the upcoming year.

Due to the nature and scale of APDC's operations, the performance evaluation processes are still being developed. The first assessment is scheduled to occur in June 2014. The evaluation process will be an internal assessment, based on a survey of Board directors.

### **Nomination responsibilities**

The Board performs the nomination function and has adopted policies relating to nomination as part of its Board Charter. Responsibilities under this Charter include:

- identifying director and senior management competencies;
- considering succession planning;
- identifying qualified and appropriate potential Board members having regard to prescribed criteria; and
- developing selection policies and procedures.

### **Appointment, Retirement and Re-election**

Any appointment of new Directors will be managed by the Board in accordance with its Nomination responsibilities. In accordance with APDC's constitution, the Directors may appoint a person to be a Director, either in addition to the existing Directors, or to fill a casual vacancy, provided there are not less than three and not more than ten Directors at any one time. A person may also be elected to the office of Director if that person has been nominated for election, or if a member has expressed his or her desire to be a candidate for election.

At each Annual General Meeting (AGM), any such Director appointed must retire from office at the next AGM following his or her appointment. In addition to this, one third of the remaining Directors and any other Director who will have been in office for three or more years and for three or more AGMs since they were last elected must retire from office. The Directors required to retire at the AGM are the Directors who have been longest in office since their last election. Any Director retiring from office is eligible for re-election.

### **Independent advice**

In fulfilling their duties, and to ensure independent decision-making, each Director may take independent professional advice where necessary at the expense of the APDC Group. Before obtaining independent professional advice, a Director must inform the Chairman that they wish to obtain the advice and provide an estimate of the cost of the advice. The budget for the advice must then be approved by the Chairman (such approval not being unreasonably withheld) before the cost is incurred.

---

## Principle 3 – Promote ethical and responsible decision-making

### Ethical conduct

The Board has adopted a Code of Conduct for senior executives and Directors setting out the ethical standards expected of those individuals. The Board has also adopted a Code of Conduct for APDC's employees.

The purpose of these Codes is to guide Directors and senior executives in their performance of their duties, including:

- acting honestly and with integrity;
- dealing with conflicts of interest;
- disclosing any conflicts of interests; and
- managing confidential information.

Each Director and senior executive is required to comply with the Code, and report to the appropriate authority within the Group any matters which are believed to constitute fraud, corruption, misconduct or other unethical conduct.

### Whistle Blowing

APDC is committed to promoting a culture of corporate compliance and ethical behaviour. The best way to fulfil this commitment is to create an environment in which employees who have genuine suspicions about improper conduct feel safe to report it without fear of reprisal.

The Whistle Blowing policy provides employees with an internal reporting system where there is genuine suspicion of improper conduct. Any report made in good faith will be listened to, investigated and treated in confidence. APDC will take all reasonable steps to protect people who report concerns from any detrimental action in reprisal for making the disclosure. APDC will also afford natural justice to the person who is the subject of the disclosure.

This Policy is very important to APDC, as it helps APDC identify and rectify problems and reflects the Group's commitment to ensure its compliance with legal and ethical obligations.

### Diversity

The Board has adopted a Diversity Policy which acknowledges that commitment to diversity creates competitive advantage and enhances employee participation and contemplates strategies, initiatives and programs to assist in realisation of such advantages.

Given that APDC only has one employee, gender diversity targets were not set for this period.

As at 30 June 2013, the Board had 1 female director (out of 6 directors) and 1 female member of senior executive and staff (out of a total of 1).

### Securities Trading Policy

The objective of the Securities Trading Policy is to ensure that Directors and employees adhere to high ethical and legal standards in relation to their personal investment in the APDC Group's securities. The Policy also ensures that personal investments of Directors and employees do not conflict with the interests of the APDC Group and other securityholders in relation to the APDC Group's securities.

The policy is not designed to prohibit Directors and employees from investing in APDC's securities but does recognise that there may be times when Directors or employees cannot or should not invest in the APDC Group's securities. The policy provides guidance to Directors and employees as to the times that Directors and employees may invest in the APDC Group's securities.

---

## Principle 4 – Safeguard integrity in financial reporting

### Audit Committee

The Board has established an audit committee that operates under the Audit, Risk and Compliance Committee Charter.

The members of the Audit, Risk and Compliance Committee will be members of, and appointed by, the Board. In accordance with the Charter, the Audit, Risk and Compliance Committee consists of:

- at least three members;
- only non-executive Directors;
- a majority of independent Directors; and
- an independent chairman, who will be nominated by the Board from time to time but who will not be the chairman of the Board.

Current members are John Wright (Chairman), Ian Fraser; and Chris Breach, each independent Directors. All the members of the Audit, Risk and Compliance Committee are financially literate.

The Audit, Risk and Compliance Committee meets quarterly. Minutes are kept of all Committee meetings and presented at the next Board meeting. The Committee reports to the Board on all matters relevant to its role and responsibilities.

Details of Audit, Risk and Compliance Committee meetings held and attendance at those meetings are detailed in the Directors' Report on page 25.

### External Auditors

The Audit, Risk and Compliance Committee is responsible for making recommendations in regard to the appointment, re-appointment, replacement, remuneration and monitoring of the effectiveness and independence of the external auditors.

In line with requirements of the Corporations Act and professional standards APDC requires the audit partners and review partners of its external auditor to rotate every 5 years. The External Auditor must manage its audit team members to ensure adequate rotation of staff.

The members of the Audit, Risk and Compliance Committee meet with the external auditor when required without Executive Directors and management present.

## Principle 5 – Make timely and balanced disclosure

The Board has adopted a Continuous Disclosure Policy which is designed to ensure that APDC complies with its ASX Listing Rule requirements, provides securityholders and the market with timely, direct and equal access to information issued by APDC and promote investor confidence in the integrity of APDC and its securities.

The Group Secretary is responsible for determining what information is to be disclosed. Where there is doubt as to whether certain information should be disclosed, the Group Secretary will discuss the issue with the Chairman, and if necessary, seek external advice.

---

## Principle 6 – Respect the rights of shareholders

### Investor Communications

The Board has adopted a Securityholder Communications Policy which is designed to ensure that APDC securityholders are kept informed of all major developments affecting the state of affairs of APDC and are able to obtain information about APDC. Communications are available to securityholders both electronically and in hard copy.

### Investor Reports

APDC prepares an annual report for investors for each financial year ending 30 June. These reports are posted to APDC's website following their release to the ASX.

### General Meetings

APDC holds an Annual General Meeting (AGM) in November each year. Notices and proxy forms will be sent to securityholders in advance of the meeting. A copy of the notice will be posted to APDC's website. APDC will encourage securityholder participation in the AGM.

The Board will request the auditor to attend the AGM each year to answer questions about the conduct of the audit and the preparation and content of the Audit Report.

## Principle 7 – Recognise and manage risk

### Audit, Risk and Compliance Committee

The Board has adopted policies relating to risk management which are implemented under the oversight of Audit, Risk and Compliance Committee. The Audit, Risk and Compliance Committee is responsible for reviewing risk management policies developed and implemented by management, gaining an understanding of the current areas of greatest compliance risk, receiving updates from management, legal counsel, auditors and others regarding risk management and compliance matters and reviewing any significant legal matters.

### Management of business risk

The Board is responsible for approving and monitoring systems of risk management and internal compliance and control, codes of conduct, legal compliance and ethical standards and for internal and external financial and other reporting, including reporting to securityholders, the ASX and other stakeholders.

APDC has a risk management framework which is detailed in the Risk Management Policy. The Board has received a report from management as to the effectiveness of the APDC's management of material business risks.

### Chief Executive Officer Declaration

The Audit, Risk and Compliance Committee has received a declaration signed by the Chief Executive Officer required by section 295A of the Corporations Act. This declaration was based on a sound system of risk management and internal control, confirming that:

- APDC's financial statements are complete and present a true and fair view of the financial position and performance of the Group, and are in accordance with accounting standards; and
- the above statement is founded on a sound system of risk management and internal compliance and control systems which, in all material aspects, implement the policies adopted by the Board.

---

## Principle 8 – Remunerate fairly and responsibly

### Remuneration function

The Board performs the remuneration function and has adopted policies relating to remuneration in its Board Charter. Responsibilities under this Charter include:

- regularly reviewing and making recommendations as to the structure of remuneration packages of senior executives, non-executive Directors and executive Directors;
- equity-based incentive plans; and
- other employee benefit programs.

### Remuneration of Directors

The APDC Holdings Constitution provides that the non-executive directors of the company are entitled to remuneration not exceeding an aggregate maximum sum of \$400,000 per annum (total amount paid 2013: \$124,583) or such other maximum amount determined by APDC Holdings in general meeting. The aggregate sum will be divided among the non-executive directors of APDC Holdings in such a manner and proportion as agreed by the APDC Holdings Directors and, in default of agreement, equally. Non-executive Directors will not be remunerated by way of commission or participation in profits and will not be provided with any retirement benefits other than statutory superannuation.

The APDC Holdings Constitution provides that the remuneration of an executive director will be determined by the APDC Holdings Directors. Remuneration may be by way of salary or commission or participation in profits, but may not be by commission or a percentage of operating revenue. The executive director of APDC Holdings (Francina Turner) will not receive directors' fees from the company, is an employee of the company and will be remunerated in that capacity.

Except in circumstances prohibited by the Corporations Act, APDC Holdings may pay a premium for a contract insuring an APDC Holdings Director against liability incurred by the person as a director.

APDC Holdings Directors may also be paid out of pocket expenses properly incurred by them in connection with the company's business.

At this stage APDC does not have any equity-based remuneration schemes in place and as such has not developed a policy regarding executives ability to enter into transactions in associated products which limit the economic risk of participating in unvested entitlements under any equity-based remuneration scheme.

Refer further to the Remuneration Report on page 25.

## Directors' Report

The directors of Asia Pacific Data Centre Holdings Limited (APDC Holdings) and the directors of Asia Pacific Data Centre Limited (APDC Limited) as responsible entity for Asia Pacific Data Centre Trust (APDC Trust) (collectively 'the Directors') present their report for APDC Holdings and APDC Trust together with the consolidated financial report of APDC Holdings and its controlled entities (Group) for the period from incorporation on 24 July 2012 to 30 June 2013 and the financial report of APDC Trust for the period from commencement on 1 November 2012 to 30 June 2013.

APDC Holdings and APDC Limited are both companies limited by shares, incorporated and domiciled in Australia. The registered office for both companies is Level 4, 88 Creek Street, Brisbane QLD 4000 and principal place of business for both companies is Level 8, 54 Miller Street, North Sydney NSW 2060.

The shares of APDC Holdings and units of APDC Trust are stapled and can only be traded as stapled securities. Although there is no ownership interest between APDC Holdings and APDC Trust, APDC Holdings is deemed to be the parent entity of the Group under Australian Accounting Standards.

Users of this financial report should note that whilst the statutory reporting period for APDC Holdings commenced on 24 July 2012 and for APDC Trust commenced on 1 November 2012, the investment activities of the Group commenced on 21 December 2012.

As permitted by Class Order 08/15 issued by the Australian Securities and Investments Commission, APDC Trust relied on relief from preparing a half-year financial report and directors' report, as its first financial year is 8 months or less. Accordingly, this is the first financial report and Directors' Report for APDC Trust.

### 1 Directors

The following persons have held office as Directors during the period:

Ian Fraser	Chairman	appointed on 3 December 2012
Greg Baynton	Non-Executive Director	appointed on 24 July 2012
Chris Breach	Non-Executive Director	appointed on 3 December 2012
Bevan Slattery	Non-Executive Director	appointed on 13 June 2013
Francina Turner	CEO, Executive Director	appointed on 3 December 2012
John Wright	Non-Executive Director	appointed on 3 December 2012
Craig Scroggie		appointed on 24 July 2012, resigned on 3 December 2012
Robin Khuda		appointed on 24 July 2012, resigned on 3 December 2012

## 2 Principal activities

The Group's principal activity is to invest in data centre investment property in Australia.

The Group commenced its investment activities during the period when it acquired its initial portfolio of data centre properties on 21 December 2012.

### 2.1 Objectives

The Group's objective is to provide investors with stable income sourced from rental income earned on its data centre land and buildings and the potential for capital growth by investing in assets in a developing industry.

In order to achieve this objective, the Group owns a geographically diverse portfolio of data centres in three Australian capital cities. The land and buildings in the current portfolio are leased or intended to be leased on long-term triple-net terms pursuant to which all maintenance, taxes, insurance and outgoings will be paid by the tenant, NEXTDC Limited. The leases include annual rental increases linked to CPI with market reviews every 5 years.

## 3 Distributions

The total distribution by APDC Trust for the period ended 30 June 2013 is 3.18 cents per stapled security. An interim distribution of 1.37 cents per partly paid stapled security was paid on 22 April 2013. A final distribution for the period ended 30 June 2013 of 1.81 cents per stapled security will be paid on 30 August 2013.

## 4 Operating and financial review

### 4.1 Results of Operations

During the period, the Group issued 115,000,100 stapled securities.

Under an initial public offering and offer document dated 3 December 2012, \$98,865,000 was raised in two instalments. The proceeds from the offering and an equity-settled security-based payment of \$16,135,000 were used to acquire three data centre properties located in Melbourne (M1), Sydney (S1) and Perth (P1). Rental income from M1 and rent on unimproved land for S1 and P1 commenced on 21 December 2012. Rental income for S1 commenced following practical completion of this property on 15 May 2013.

The stapled securities were listed on the Australian Securities Exchange (ASX Code: AJD) on 9 January 2013.

Refer to note 12 for details of the equity-settled security-based payment.

## 4.3 Direct property investments

During the period, APDC Trust acquired freehold interests totalling \$98,165,000 in three data centres located in Melbourne (M1), Sydney (S1) and Perth (P1: 35% complete) from NEXTDC Limited (NEXTDC). Refer to notes 12 and 13 to the financial statements.

APDC Trust entered into lease agreements with NEXTDC for these three properties. During the period, APDC Trust earned \$2,471,000 in rental income on M1, \$1,121,000 in rental income and rent on unimproved land on S1, and \$237,000 in rent on unimproved land on P1.

APDC Trust entered into development agreements totalling \$69,300,000 with NEXTDC during the period, to acquire the S1 and P1 data centre buildings on practical completion of the base buildings located on land owned by APDC Trust. The development fee for S1 of \$45,500,000 was payable following practical completion on 15 May 2013. The fee was funded from the final instalment proceeds and cash. A residual payment for completion of minor construction works of \$425,000 remained payable at 30 June 2013.

P1 remains under construction, with practical completion expected in November 2013. The development fee for P1 is \$23,800,000 payable upon practical completion of P1. The development fee accrued at 30 June 2013 is \$8,330,000.

	<b>APDC Holdings Group 30 June 2013 \$'000</b>	<b>APDC Trust 30 June 2013 \$'000</b>
Investment properties	123,330	123,330
Net assets	116,657	115,507
Net tangible asset backing per security (\$)	1.01	1.00

The value of the assets is derived using the basis set out in Note 2 to the financial statements.

#### 4.4 Real estate funds management

APDC Limited, a wholly owned subsidiary of APDC Holdings, provides responsible entity services to APDC Trust. During the period, APDC Limited charged APDC Trust a management fee equal to the cost to APDC Limited to provide these services. Refer to note 5 to the financial statements.

#### 4.5 Review of financial condition

As at 30 June 2013, the Group and APDC Trust had an excess of current liabilities over current assets:

	<b>APDC Holdings Group 30 June 2013 \$'000</b>	<b>APDC Trust 30 June 2013 \$'000</b>
Current assets	5,227	4,804
Trade and other payables	(713)	(1,066)
Provisions	(2,087)	(2,081)
Net current assets before development fee accrued - P1	2,427	1,657
Development fee accrued - P1	(8,330)	(8,330)
<b>Net current liabilities</b>	<b>(5,903)</b>	<b>(6,673)</b>

The development fee accrued for P1 of \$8,330,000 as at 30 June 2013 is determined by reference to surveys of work performed. The development fee is not payable until practical completion of the base building, at which time the total development fee of \$23,800,000 is payable. For the purposes of providing funding certainty to the Group, NEXTDC has granted the Group the right to issue convertible notes to NEXTDC in satisfaction of the P1 development fee. The Group is also exploring financing options which will be used to fund the P1 development fee.

The terms of the convertible note are in accordance with the prospectus and disclosure statement dated 3 December 2012, summarised in this paragraph. If the convertible notes are issued, interest is capitalised at 9% per annum. Under the terms of the convertible notes, NEXTDC and its associates are not permitted to convert the convertible notes to stapled securities but can transfer the convertible notes to a third party. The convertible notes can be converted to stapled securities at the third party noteholder's option within one year of their issue. On conversion,

noteholders are entitled to the number of notes they hold multiplied by the face value of each note (\$100), and divided by the conversion price (\$1.00). If not converted or redeemed by the first anniversary of their issue, the convertible notes must be redeemed on the first anniversary of their issue.

#### 4.6 Significant changes in the state of affairs

##### (a) Outcome of final instalment

The Group issued partly paid securities during the period with a final instalment due and payable on 15 May 2013. The full amount of the final instalment totalling \$44,850,000 was received from security holders and no default or forfeit processes were required.

All stapled securities of the Group are now fully paid.

##### (b) Progress on developments

The base building at the S1 data centre site located at Macquarie Park, Sydney was completed on time and the proceeds of the final instalment applied to pay the S1 development fee of \$45,500,000. NEXTDC commenced paying rent on the land and buildings following practical completion on 15 May 2013.

The construction of the base building at the P1 data centre site located at Malaga, Perth commenced during the period and is scheduled for practical completion in November 2013.

#### 4.7 Events subsequent to reporting date

On 3 July 2013, NEXTDC sold its 26.45 million stapled securities held in the Group.

A distribution of \$2.08 million (1.81 cents per stapled security) will be paid on 30 August 2013 in respect of the quarter ended 30 June 2013.

Since the end of the financial period, the Directors of APDC Holdings and APDC Limited are not aware of any other matter or circumstance not otherwise dealt with in the financial reports or the Directors' Report that has significantly affected or may significantly affect the operations of the Group or APDC Trust, the results of those operations or the state of affairs of the Group or APDC Trust in financial years subsequent to the financial period ended 30 June 2013.

#### 4.8 Likely developments and expected results of operations

The Group remains focused on securing funding for the purchase of the P1 data centre and appointed advisors to assist with this process. Practical completion of the base building for P1, which APDC Trust will own, is expected in November 2013.

The Group will continue to collaborate with NEXTDC to optimise the alliance between the two entities. The alliance period commenced on 21 December 2013 and is in place for three years. Refer further to note 20 to the financial statements.

As NEXTDC is the sole developer and tenant of APDC Trust's properties, the Group will continue to monitor NEXTDC's financial position and ability to complete the development of P1 and make rental payments under the leases. During the period, NEXTDC announced some significant customer contracts. On 3 July 2013 NEXTDC reported that the sale of its securities in the Group realised \$28.1 million after costs. On 20 August 2013 the company announced a fully underwritten placement to institutions and sophisticated investors to raise approximately \$50 million,

a non-underwritten Share Purchase Plan estimated to raise approximately \$10 million, and that it had secured a three year \$30 million corporate debt facility, subject to customary conditions precedent to the first drawing.

The management of the Group is currently performed by the Chief Executive Officer with outsourced service providers providing technical expertise for bookkeeping, compliance, legal and other services. Should the scale of operations of the Group alter as a result of say, acquisitions, then this management model will be reviewed.

## 8 Remuneration Report - audited

### 8.1 Remuneration objectives and approach

The objective of the Group's executive framework is to attract and retain high quality executives by ensuring that executive remuneration:

- is competitive with prevailing employment market conditions; and
- is aligned to the Group's strategic goals and objectives and the creation of value for securityholders.

For the period to 30 June 2013, the remuneration framework provided for fixed pay.

In developing the framework for any variable pay arrangements, the Group will have regard to ensuring a relationship between remuneration policy and the Group's performance, including its earnings and shareholder wealth.

### 8.2 Remuneration committee

The Board fulfils the role of a Remuneration and Nomination committee.

The Board has adopted policies relating to remuneration as part of its Board Charter. The Charter sets out its role and responsibilities.

### 8.3 Executive remuneration

#### (a) Fixed annual remuneration (FAR)

What is FAR?	FAR is the guaranteed salary of the executive and includes superannuation and salary sacrificed components such as motor vehicles, computers and superannuation.
How is FAR set?	FAR is set by reference to external market data for comparable roles and responsibilities within similar listed entities within Australia.
When is FAR reviewed?	FAR is reviewed in December each year with any changes being effective from 1 January of the following year. The first review is scheduled for December 2013.

#### (b) Summary of key contract terms

#### (c) Remuneration details for period to 30 June 2013

Details of the remuneration of the Key Management Personnel for the period to 30 June 2013 are set out in the following table:

Executive	Short term			Post employment benefits	Other long term benefits	Equity based payments	Total
	Salary	Other	Total	Superannuation benefits			
	\$	\$	\$	\$	\$	\$	\$
Francina Turner	96,676	5,863	102,539	8,701	-	-	111,240

The proportion of fixed remuneration was 100%. The value of equity based remuneration and performance based remuneration as a proportion of remuneration was nil.

#### 8.4 Non-executive director remuneration

Non-executive directors' individual fees are determined by the Board within the aggregate amount of \$400,000 approved by the shareholder.

The Board reviews its fees to ensure that non-executive directors are remunerated fairly for their services, recognising the level of skill, expertise and experience required to conduct the role. The Board will review its fees from time to time to ensure it is remunerating directors at a level that enables the Group to attract and retain the right non-executive directors. The Board may obtain the advice of independent remuneration consultants to ensure that non-executive directors' fees and payments are appropriate and in line with the market. Non-executive directors do not receive any equity based payments, retirement benefits or other incentive payments.

Non-executive directors receive a cash fee for service and they have no entitlement to any performance based remuneration, nor can they participate in any security incentive scheme.

Current directors' fees, inclusive of superannuation entitlement, are as follows:

Director	Board		Audit, Risk and Compliance Committee	
	For period	Per annum fee \$	For period	Per annum fee \$

<sup>(1)</sup> Ian Fraser is the Chairman of the Board.

<sup>(2)</sup> John Wright is the Chairman of the Audit, Risk and Compliance Committee.

#### 9 Auditor's independence declaration

The auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 30.

#### 10 Indemnification and insurance of officers and auditors

No insurance premiums are paid for out of the assets of the Trust in regards to insurance provided to either the officers of the Manager or the auditor of the Trust. So long as the officers of the Manager act in accordance with the Trust Constitution and the Corporations Act 2001, the officers remain indemnified out of the assets of the Trust against losses incurred while acting on behalf of the Trust. The auditor of the Trust is not indemnified out of the assets of the Trust.

During the period, insurance was in place to insure the directors and officers of the Group. The premium was paid by NEXTDC and is therefore not recorded in the financial statements.

## 11 Environmental regulation

The operations of the Group and APDC Trust are not subject to any particular and significant environmental regulation under a law of the Commonwealth, State or Territory. Additionally, there have been no known breaches of any environmental regulations applicable to the Group or APDC Trust.

The Federal Government's Clean Energy Plan is unlikely to have a material impact on the operations of the Group and APDC Trust. However, the Group and APDC Trust will continue to monitor this issue in light of potential future changes to the Clean Energy Plan.

## 12 Non-audit services

During the period KPMG, the auditor of the Group and APDC Trust, has performed certain other services in addition to the audit and review of the financial statements.

The Board has considered the non-audit services provided during the period by the auditor and in accordance with a recommendation from the Audit, Risk and Compliance Committee, is satisfied that the provision of those non-audit services during the period by the auditor is compatible with and did not compromise the auditor independence requirements of the Corporations Act 2001 for the following reasons:

- all non-audit services were subject to the corporate governance procedures adopted by the Board and have been reviewed by the Audit, Risk and Compliance Committee to ensure they do not impact the impartiality and objectivity of the auditor
- none of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants.

During the period, the following fees were paid or payable for non-audit services provided by the auditor of the Group and APDC Trust, its related practices and non-related audit firms:

	<b>APDC Holdings Group 24 July 2012 to 30 June 2013 \$</b>	<b>APDC Trust 1 Nov 2012 to 30 June 2013 \$</b>
(i) Taxation services		
Tax compliance services	6,915	6,846
(ii) Other services	-	-
<b>Total remuneration of KPMG Australia non-audit services</b>	<b>6,915</b>	<b>6,846</b>

During the period, \$241,550 was paid by NEXTDC to KPMG Australia in relation to the Investigating Accountant's Report for the initial public offering of stapled securities in APDC Holdings and APDC Trust.

### 13 Rounding of amounts to the nearest thousand dollars

The Group and APDC Trust are of a kind referred to in Class Order 98/100 (as amended) issued by the Australian Securities and Investments Commission relating to the "rounding off" of amounts in the directors' report and financial report. Amounts in the Directors' Report and financial reports have been rounded to the nearest thousand dollars in accordance with that Class Order, unless otherwise stated.

This report is made in accordance with resolutions of the Directors of Asia Pacific Data Centre Holdings Limited and Asia Pacific Data Centre Limited as responsible entity for Asia Pacific Data Centre Trust.

## Notes to the consolidated financial statements

### 1. Reporting entities

Asia Pacific Data Centre Group (APDC Group) comprises Asia Pacific Data Centre Holdings Limited (APDC Holdings) and its wholly owned subsidiary Asia Pacific Data Centre Limited (APDC Limited), and Asia Pacific Data Centre Trust (APDC Trust).

The shares of APDC Holdings are stapled to units in APDC Trust. The stapled securities cannot be traded or dealt with separately. The Constitutions of APDC Holdings and APDC Trust ensure that, for so long as the two entities remain jointly quoted, the number of shares of APDC Holdings and the number of units in APDC Trust are equal and shareholders and unitholders are identical.

APDC Holdings was registered as a company on 24 July 2012, APDC Limited registered as a company on 25 July 2012, and APDC Trust was established on 1 November 2012. All of the entities are domiciled in Australia. APDC Group was established on 3 December 2012 and was quoted on the Australian Securities Exchange (ASX Code: AJD) from 9 January 2013.

The reporting entities are APDC Holdings and its controlled entities (APDC Limited and APDC Trust) and APDC Trust (collectively 'Group entities').

The consolidated financial statements of APDC Holdings incorporate the assets and liabilities of APDC Holdings and its controlled entities including APDC Limited and APDC Trust (Group, APDC Holdings Group).

As permitted by Class Order 05/642 issued by the Australian Securities and Investments Commission, this report is a combined financial report that presents the consolidated financial statements of the Group and the financial statements of APDC Trust, and their accompanying notes.

The Group entities are for-profit for the purpose of preparing the financial statements.

### 2. Summary of significant accounting policies

The significant policies which have been adopted in the preparation of these consolidated financial statements for the period ended 30 June 2013 are set out below. These policies have been consistently applied, unless otherwise stated.

The Group entities have not early adopted any accounting standards.

#### (a) Basis of preparation

##### Statement of compliance

These financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The financial statements comply with International Financial Reporting Standards (IFRS) adopted by the International Accounting Standards Board.

The financial statements were authorised for issue by the Board of Directors on the date the Directors' Report is signed. The Directors have the power to amend and reissue the financial statements.

Notes to the consolidated financial statements

**Basis of measurement**

The financial statements have been prepared under the historical cost convention as modified by the revaluation of investment properties.

As at 30 June 2013, the Group and APDC Trust had an excess of current liabilities over current assets:

	<b>APDC Holdings Group 30 June 2013 \$'000</b>	<b>APDC Trust 30 June 2013 \$'000</b>
Current assets	5,227	4,804
Trade and other payables	(713)	(1,066)
Provisions	(2,087)	(2,081)
<b>Net current assets before development fee accrued - P1</b>	<b>2,427</b>	<b>1,657</b>
<b>Development fee accrued - P1</b>	<b>(8,330)</b>	<b>(8,330)</b>
<b>Net current liabilities</b>	<b>(5,903)</b>	<b>(6,673)</b>

The development fee accrued for P1 of \$8,330,000 as at 30 June 2013 is determined by reference to surveys of work performed. The development fee is not payable until practical completion of the base building, at which time the total development fee of \$23,800,000 is payable. For the purposes of providing funding certainty to the Group, NEXTDC has granted the Group the right to issue convertible notes to NEXTDC in satisfaction of the P1 development fee. The Group is also exploring financing options which will be used to fund the P1 development fee.

The terms of the convertible note are in accordance with the prospectus and disclosure statement dated 3 December 2012, summarised in this paragraph. If the convertible notes are issued, interest is capitalised at 9% per annum. Under the terms of the convertible notes, NEXTDC and its associates are not permitted to convert the convertible notes to stapled securities but can transfer the convertible notes to a third party. The convertible notes can be converted to stapled securities at the third party noteholder's option within one year of their issue. On conversion, noteholders are entitled to the number of notes they hold multiplied by the face value of each note (\$100), and divided by the conversion price (\$1.00). If not converted or redeemed by the first anniversary of their issue, the convertible notes must be redeemed on the first anniversary of their issue.

After considering the above, the Directors believe the Group and APDC Trust will be able to pay their debts as and when they become due and payable and that the preparation of the financial reports on a going concern basis is appropriate.

**Significant judgements and estimates**

The preparation of the financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

In applying accounting policies, management continually evaluates judgements, estimates and assumptions based on experience and other factors, including expectations about future events that may have an impact on the Group entities. All judgements, estimates and assumptions made are believed to be reasonable based on the most current set of circumstances available to management. Actual results may differ from the judgements, estimates and assumptions.

## Notes to the consolidated financial statements

---

Significant judgements, estimates and assumptions made by management in the preparation of these financial statements are outlined below.

- Investment properties – operating leases

APDC Trust has entered into commercial property leases on its investment portfolio, and commenced earning rent on the M1 and S1 property during the period.

The Directors have determined that APDC Trust retains all the significant risks and rewards of ownership of these properties and has thus classified the leases as operating leases (refer Note 2 (g)).

- Investment properties – valuation

Investment properties are revalued by the Directors at each reporting date to reflect their fair value according to the accounting policy on valuing assets and applying generally accepted valuation criteria, methodology and assumptions (refer Note 2 (h)).

- Investment properties under construction – valuation

Investment properties under construction are valued using a continuous transfer approach with reference to surveys of completed work performed. The value of completed work performed is accrued as a development fee.

### Functional and presentation currency

These financial statements are presented in Australian dollars, which is the functional currency of the Group entities.

### (b) Principles of consolidation

#### Stapling

The shares of APDC Holdings are stapled to units of APDC Trust. These stapled shares and units are also referred to as stapled securities and/or securities.

Stapling transactions are considered business combinations and are accounted for under AASB 3 Business Combinations using the acquisition method at the acquisition date.

AASB 3 requires one of the combining entities in a stapling transaction to be identified as the acquirer for accounting purposes. The acquirer is also the parent entity of the Group. The parent entity is required to prepare consolidated financial statements in accordance with the principles of AASB 3 and AASB 127 Consolidated and Separate Financial Statements.

Where a business combination occurs through contract alone, the acquirer attributes the acquiree's net assets recognised in accordance with AASB 3 to the owners. Any equity interest held by the parties other than the acquirer is a non-controlling interest.

APDC Holdings has been identified as the acquirer and the parent for the purposes of preparing the consolidated financial statements of the Group. Therefore APDC Limited and APDC Trust are included in the consolidated financial statements of APDC Holdings.

APDC Holdings does not own any units in the APDC Trust and there was no consideration paid.

Non-controlling interests in the financial statements of the Group represent the equity attributable to unit holders of APDC Trust. Non-controlling interest is defined as that portion of the profit or loss and net assets of APDC Trust and

Notes to the consolidated financial statements

---

its subsidiaries which are not owned by APDC Holdings (parent) directly or indirectly through subsidiaries. On the basis that APDC Holdings has no ownership interest in APDC Trust, the net assets of the APDC Trust are identified as non-controlling interests and presented in the Group's Statement of Financial Position within equity separately from the APDC Holding's shareholders equity.

The \$1.00 issue price per stapled security is allocated as \$0.99 to each APDC Trust unit and \$0.01 to each APDC Holdings share. The profit or loss of the entity is separately disclosed as non-controlling interest in the profit or loss of the Group.

### Subsidiaries

Subsidiaries are all entities (including special purpose entities) over which the Group has the power to govern the financial and operating policies, generally accompanying a stapled security holding of more than one-half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred.

### (c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

The Group and APDC Trust recognise revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the activities as described below.

Revenue is recognised for each of the business activities as follows:

#### Rental income

Rental income is recognised on a straight-line basis over the lease term.

Rent on unimproved land derived from land or an investment property under construction or development, which directly relates to bringing an asset to the location and working condition of an investment property, is recognised as a reduction in the purchase price of the asset.

#### Interest income

Interest income is recognised using the effective interest method.

### (d) Expenses

All expenses are accounted for on an accruals basis.

Expenses which are incidental to the acquisition of an investment property are included within the cost of that property.

Notes to the consolidated financial statements

---

**(e) Taxation**

**APDC Holdings and APDC Limited**

Income tax on the profit or loss for the period comprises current and deferred tax. Income tax is recognised in profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted at the balance date, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is provided on all temporary differences at balance date on the difference between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available, against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply when the asset is realised through the continued use or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the balance date.

**APDC Trust**

Under current Australian tax legislation, the APDC Trust is not liable for income tax, provided that the taxable income (including any assessable component of any capital gains from the sale of investment assets) is fully distributed to unit holders each year.

Distributions in excess of the taxable income of the APDC Trust are treated as tax deferred distributions.

The tax deferred component reduces a security holder's capital gains tax base applicable to the units held in APDC Trust.

**(f) Goods and Services Tax**

The Group entities are part of a Goods and Services Tax (GST) consolidated group from 1 June 2013.

Revenues, expenses and assets are recognised net of the amount of GST except where the GST is incurred on a purchase of goods and services and is not recoverable from the taxation authority. In these circumstances the GST is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from or payable to the taxation authority is included as part of receivables or payables in the statement of financial position.

Notes to the consolidated financial statements

---

Cash flows are included in the Statement of Cash Flows on a gross basis. The GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority, is classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

**(g) Operating leases**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Properties leased under operating leases are classified as investment properties. The Directors have determined that APDC Trust retains all the significant risks and rewards of ownership of its investment properties and has thus classified the leases as operating leases.

**(h) Investment properties**

Investment properties comprising freehold land and buildings (including certain plant and equipment) are held for long term rental yields and capital appreciation and are not occupied by the Group or APDC Trust.

The acquisition of land and buildings is accounted for as an asset acquisition. Investment properties are initially recognised at cost including any acquisition costs.

**Fair value**

Investment properties are carried at fair value at each reporting date with any gain or loss arising from a change in fair value recognised as profit or loss in the period. Land and buildings (including certain plant and equipment) that comprise investment property are not depreciated.

The fair value of investment properties is determined by the Directors, in accordance with AASB 140 Investment Property. Fair value is based on active market prices, adjusted, if necessary for any difference in the nature, location or condition of the specific asset. If this information is not available, alternative valuation methods are to be used, such as the capitalisation of net income approach or discounted cash flow projections.

At each reporting date, the fair values of the investment properties are assessed by the Directors by reference to independent valuation reports or through appropriate valuation techniques.

**Investment properties under construction**

Investment properties under construction are initially recognised when effective control and the significant risks and rewards of ownership of the building works completed are transferred to APDC Trust.

The Directors have determined that the significant risk and rewards of ownership of the investment property under construction transfer progressively as construction progresses.

Accordingly, APDC Trust will recognise investment property under construction under the continuous transfer approach with reference to the stage of completion of the development. The stage of completion is assessed by reference to surveys of work performed.

At each reporting date the investment property under construction is carried at fair value.

Notes to the consolidated financial statements

---

### Subsequent costs

APDC Trust recognises in the carrying amount of an investment property the cost of replacing part of that investment property when that cost is incurred if it is probable that the future economic benefits embodied within the item will flow to the consolidated entity and the cost can be measured reliably. All other costs are recognised in the profit or loss as an expense as incurred.

#### (i) Acquisition of assets

The purchase method of accounting is used for all acquisitions of assets regardless of whether equity instruments or other assets are acquired.

Cost is measured at the fair value of the assets given up.

Securities issued or liabilities assumed at the date of acquisition plus incidental costs are directly attributable to the acquisition. Transaction costs arising on the issue of equity instruments are recognised directly in equity.

#### (j) Security-based payment

An equity-settled security-based payment is measured at the fair value of the goods or services received, and the corresponding increase in equity.

During the period, the Group entities contracted to acquire a portfolio of assets which consist of three data centre properties located in Melbourne (M1), Sydney (S1) and Perth (PI) from NEXTDC Limited (NEXTDC), a related party, at valuations assessed by an independent valuer.

The consideration paid during the period comprised proceeds from the issue of partly paid stapled securities under the initial public offer and partly paid stapled securities issued to NEXTDC under a subscription agreement.

The partly paid stapled securities issued to NEXTDC were recorded as an equity-settled security-based payment.

#### (k) Cash and cash equivalents

For the purpose of presentation in the Statements of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts, if applicable, are shown within borrowings in current liabilities in the Statement of Financial Position.

#### (l) Trade and other receivables

##### Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. They are presented as current assets unless collection is not expected for more than 12 months after the reporting date.

The effective interest rate is a method of calculating the amortised cost of a financial asset or a financial liability and of collating the interest income or interest expense over the relevant period. The effective interest rate is the rate that discounts estimated future cash payment or receipts through the expected life of the financial instrument or, when appropriate, shorter period to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, cash flow estimates consider all contractual terms of the financial instruments.

## Notes to the consolidated financial statements

---

Short term receivables are not discounted where the effect is not material.

### Partly paid securities

For partly paid securities, where there is a fixed schedule of definite call dates when the security holders must pay instalments of the outstanding amount on the securities, and the security holder is contractually obliged to pay, a receivable is recognised for the outstanding future proceeds at the issue date of the securities, with a corresponding entry in equity.

The receivable is a financial asset and measured at fair value on initial recognition and subsequently at amortised cost. Amortised cost is calculated using the effective interest rate.

### Impairment

An assessment is made at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

### (m) Non-derivative financial liabilities

Non-derivative financial liabilities comprise interest bearing loans, development fee accrued and trade and other payables. The Group entities classify non-derivative financial liabilities into the other liabilities category.

Such liabilities are recognised initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest rate method.

Short term non-derivative financial liabilities are not discounted where the effect is not material.

### (n) Provisions

Provisions are recognised when the Group entities have a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the balance date.

### (o) Employee benefits

#### Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits and annual leave expected to be settled within 12 months after the end of each reporting period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave is recognised in provisions.

#### Other long term employee benefit obligations

The liability for long service leave and annual leave which is not expected to be settled within 12 months after the end of the reporting period in which the employees render the related service is recognised in the provision for employee

Notes to the consolidated financial statements

---

benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to the expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

**Retirement benefit obligations**

Except for the statutory superannuation guarantee charge, the Group does not have any other retirement benefit obligations.

**(p) Contributed equity**

**APDC Holdings and APDC Limited**

Ordinary shares are classified as equity.

**APDC Trust**

Under its Constitution, APDC Trust has been established as an indefinite life trust and the distributions are at the discretion of the Directors of the responsible entity. Accordingly, the units issued are classified as equity.

**Incremental costs of issue of new stapled securities**

Incremental costs directly attributable to the issue of new stapled securities are shown in equity as a deduction, net of tax, from the proceeds. Incremental costs directly attributable to the issue of new stapled securities or options for the acquisition of a new business are not included in the cost of acquisition as part of the purchase consideration.

**(q) Dividends/distributions**

**APDC Holdings and APDC Limited**

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

**APDC Trust**

Each reporting period the Directors of the responsible entity are required to determine the distribution entitlement of the unit holders of the Trust in respect of the period. Any amounts so determined but not paid by the end of the period, are recorded as a liability.

Notes to the consolidated financial statements

---

**(r) Earnings per security**

**Basic earnings per security**

Basic earnings per security is calculated by dividing:

- the profit attributable to owners of APDC Holdings or APDC Trust, excluding any costs of servicing equity other than ordinary shares
- by the weighted average number of ordinary securities outstanding during the period, adjusted for bonus elements

**Diluted earnings per security**

Diluted earnings per security adjust the figures used in the determination of basic earnings per stapled security to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares, and
- the weighted average number of additional ordinary securities that would have been outstanding assuming the conversion of all dilutive potential ordinary securities

**Profit attributable to APDC Trust**

The issued units of APDC Trust are presented as a non-controlling interest, and therefore the profit attributable to APDC Trust is excluded from the calculation of basic and diluted earnings per security presented in the consolidated statement of profit and loss and other comprehensive income.

**(s) Segment information**

The Group entities present operating segments based on the internal information that is available to the Chief Executive Officer (CEO), who is the Group's chief operating decision maker.

The Group entities operate wholly within Australia and derive rental income from investments in commercial property and 100 per cent of this income is derived from one tenant and as such this is considered to be the only segment in which the Group and APDC Trust is engaged.

The operating results are regularly reviewed by the CEO to make decisions about resources to be allocated and to assess performance. There are no reconciling items that exist between the discrete financial information reviewed by the CEO and the financial statements relating to revenue, profit or loss, assets and liabilities or other material items.

**(t) Comparative information**

The Group entities were incorporated or established during the period ended 30 June 2013. Therefore this is the first time the financial reports have been prepared and as a result, there are no comparative figures.

### 3. New accounting standards and interpretations

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 July 2013, and have not been applied in preparing these consolidated financial statements.

#### **AASB 9 Financial Instruments (December 2010) (includes financial assets and financial liability requirements) (effective 1 January 2015, previously 1 January 2013).**

In AASB 9 (December 2010), the AASB added requirements for the classification and measurement of financial liabilities that are generally consistent with the equivalent requirements in AASB 139 except in respect of the fair value option; and certain derivatives linked to unquoted equity instruments. The AASB also added the requirements in AASB 139 in relation to the derecognition of financial assets and liabilities to AASB 9.

AASB 9 retains but simplifies the mixed measurement model and establishes two primary measurement categories for financial assets; amortised cost and fair value. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. The guidance in AASB 139 on impairment of financial assets and on hedge accounting continues to apply.

The Group entities do not expect the new standard to have a significant effect on existing financial assets and financial liabilities.

#### **AASB 10 Consolidated Financial Statements (effective 1 January 2013)**

AASB 10 replaces all of the guidance on control and consolidation in AASB 127 *Consolidated and Separate Financial Statements*, and Interpretation 12 *Consolidation – Special Purpose Entities*. The core principle that a consolidated entity presents a parent and its subsidiaries as if they are a single economic entity remains unchanged, as do the mechanics of consolidation. However, the standard introduces a single definition of control that applies to all entities. It focuses on the need to have both power and rights or exposure to variable returns before control is present.

The Group does not expect the new standard to have a significant effect on disclosures.

#### **AASB 12 Disclosures of Interests in Other Entities (effective 1 January 2013)**

AASB 12 contains the disclosure requirements for entities that have interest in subsidiaries, joint arrangements, associates and/or unconsolidated structured entities. AASB 12 requires the disclosure of information about the nature, risks and financial effects of such interests.

The Group entities do not expect the new standard to have a significant effect on disclosures.

#### **AASB 13 Fair Value Measurement (effective 1 January 2013)**

AASB 13 provides a single source of guidance on how to measure fair value and aims to enhance fair value disclosures. AASB 13 does not change when an entity is required to use fair value, but does provide guidance on how to determine fair value when fair value is required or permitted by other Standards.

AASB 13 also expands the disclosure requirements for all assets or liabilities carried at fair value. This includes information about the assumptions made and the qualitative impact of those assumptions on the fair value determined.

The Group has yet to determine which, if any, of their current measurement techniques will have to change as a result of the new guidance. It is therefore not possible to state the impact, if any, of the new rules on any of the amounts recognised in the financial statements. However, application of the new standards will impact the type of information disclosed in the notes to the financial statements.

Notes to the consolidated financial statements

**AASB 119 Employee Benefits (effective 1 January 2013)**

AASB 119, amended September 2011, changes the definition of short-term and other long-term employee benefits to clarify the distinction between the two. The standard also make changes to defined benefit plans and subtle changes to termination benefits

The Group entities do not have any defined benefit plans. Therefore, these amendments will have no significant impact on the Group entities.

**4. Rental income**

		<b>APDC Holdings Group 24 July 2012 to 30 June 2013 \$'000</b>	<b>APDC Trust 1 Nov 2012 to 30 June 2013 \$'000</b>

less Rent on unimproved land for properties under construction	13	(689)	(689)
<b>Total rental income</b>		<b>3,140</b>	<b>3,140</b>

**5. Responsible entity management fees**

APDC Limited, the responsible entity of APDC Trust, is entitled to a management fee calculated as up to 2% per annum of the gross asset value of APDC Trust. It is payable from the income (or other assets) of APDC Trust, as and when incurred. While the Group has internal management, fees will only be charged on a cost recovery basis for direct trust expenses and responsible entity operating expenses up to 2% per annum of the gross asset value of APDC Trust.

For the period ended 30 June 2013, a \$372,000 management fee is payable and has been expensed in APDC Trust.

Notes to the consolidated financial statements

6. Remuneration of auditor

During the period, the auditor of the Group entities, KPMG, earned the following remuneration:

	APDC Holdings Group 24 July 2012 to 30 June 2013 \$	APDC Trust 1 Nov 2012 to 30 June 2013 \$

### 13. Investment properties

APDC Trust has entered into lease agreements with NEXTDC for M1, S1 and P1. The leases are on a triple net basis and for a 15 year initial term with options for up to another 25 years. NEXTDC has commenced rental payments for M1 and S1. Rental payments for P1 will commence upon the practical completion of the base building.

Rent on unimproved land received during the period for investment properties under construction, for S1 up to 15 May 2013 and P1 for the period, is recognised as a reduction in the purchase price of the asset, and not as rental income.

#### Basis of valuation

The carrying amount of investment property is the fair value of the property as determined by the Directors (refer note 2(h)). The Directors' valuations are based on external valuations performed by an independent valuer with a recognised professional qualification and recent experience in the location and category of property being valued. The independent valuations utilised the following methodologies: active market prices, capitalisation of net income and discounted cash flow:

- i. The active market prices method assesses a property's value based on the sale price of comparable properties that have recently traded in commercial, arms length transactions.
- ii. The capitalisation of net income method capitalises the current rent received, at a rate analysed from the most recent transactions of comparable property investments, adjusted to take into consideration a number of factors including:
  - lease term remaining;
  - the relationship of current rent to the market rent;
  - the location;
  - prevailing investment market conditions; and
  - other property specific conditions.
- iii. The discounted cash flow method calculates a property's value by using projections of reliable estimates of future cash flows, derived from the term of any existing leases, and from external evidence such as current market rents for similar properties in the same area and condition, and using discount rates that reflect the current market assessments of the uncertainty in the amount and timing of cash flows specific to the asset.

In adopting the investment property valuations at reporting date, the Directors considered an independent valuation dated 30 June 2013 for S1, independent valuations dated 30 September 2012 for M1 and P1, and external reports on market conditions in Melbourne and Perth dated 5 August 2013.

20. Related party disclosures

**(a) Parent entity**

The immediate and ultimate parent entity of the Group is APDC Holdings Limited. Refer to note 0.

**(b) Controlled entities**

These financial statements incorporate the assets, liabilities and results of the following subsidiaries in accordance with the accounting policy disclosures as described in note 2:

	Ownership interest
APDC Limited	100%
APDC Trust	100%

**(c) Transactions with NEXTDC Limited**

**Significant securityholder**

NEXTDC Limited (NEXTDC), a leading developer and operator of data centres in Australia, was the Group's largest securityholder, with a holding 26.45 million stapled securities at 30 June 2013, representing 23% of securities on issue at that date. On 3 July 2013, NEXTDC sold all of its securities. Refer to note 0.

**Debt forgiveness**

During the period, NEXTDC advanced an amount of \$2,000,000 to APDC Trust and subsequently forgave the debt. The Group entities treated the forgiveness of the debt as a capital transaction with a security holder and reclassified the debt to equity.

**Acquisition of investment properties**

On 21 December 2012, APDC Trust purchased an initial portfolio of three data centre properties from NEXTDC at valuations assessed by an independent valuer. The total consideration of \$69,500,000 comprised \$53,365,000 proceeds from the issue of stapled securities under the Offer and \$16,135,000 from the issue of 26,450,000 stapled securities to NEXTDC partly paid to \$0.61 per stapled security under a security based payment transaction. The final instalment of the security based payment transaction of \$0.39 per stapled security, totalling \$10,315,000, was received from NEXTDC during the period.

**Development agreements**

During the period, APDC Trust entered into development agreements with NEXTDC to complete the construction of the buildings on S1 and P1. NEXTDC is entitled to a development fee payable upon practical completion of the buildings. APDC Trust paid \$45,075,000 to NEXTDC in relation to the S1 development fee during the period. As at 30 June 2013, \$425,000 remained payable to NEXTDC as final payment for S1 development fee. The development fee for P1 is \$23,800,000 and is payable upon practical completion of the building. As at 30 June 2013, \$8,330,000 is accrued for P1 development fee for the construction of investment property completed as at 30 June 2013. Refer to note 22.

APDC Trust is entitled to rent from NEXTDC on investment properties under construction under development agreements totalling \$689,000 during the period. Refer to note 4.

## Notes to the consolidated financial statements

---

### Lease agreements

APDC Trust has entered into lease agreements with NEXTDC for M1, S1 and P1. The leases are on a triple net basis and for a 15 year initial term with options for up to another 25 years. NEXTDC has commenced rental payments for M1 and S1 in accordance with the leases which totalled \$3,140,000 for the period. Refer to note 4.

### Loan facility

During the period, NEXTDC, provided a loan facility to APDC Holdings of \$750,000 for the Group to satisfy the minimum capitalisation requirements of APDC Limited's Australian Financial Services Licence. The loan is unsecured, on commercial terms and interest is charged at 2% above Bank Bill Swap Bid Rate. The loan term is 3 years. Refer to note 16.

### Alliance with NEXTDC

The Group has entered into an alliance with NEXTDC commencing on 21 December 2012 for a term of three years. During the alliance period, NEXTDC grants to the Group, for no consideration, the first right to develop or own a data centre on market terms if NEXTDC wishes to sell those rights. The Group grants to NEXTDC: first right of refusal to lease (lease rights) and/or, operate, develop, finance or manage (operation rights) on market terms any data centres that the Group acquires, develops or establishes; the right to consent to the acquisition by the Group of any data centre where the lease rights or operations rights cannot be offered to NEXTDC; the right to consent to the sale of assets to a NEXTDC competitor; the right to consent to the acquisition or development of any land or data centre; and the right to acquire M1, S1 and P1 in the event that the Group wishes to sell these properties. The rights under the alliance period apply to any data centre or land in Australia or Asia Pacific region.

### Initial establishment costs

NEXTDC has paid all costs associated with the initial capitalisation and establishment of the Group and the initial public offer for which it will not seek reimbursement, and provides ongoing office-related services to the Group, for a fee equal to the cost to NEXTDC.

### P1 development fee funding

For the purposes of providing funding certainty to the Group, NEXTDC has granted the Group the right to issue convertible notes to NEXTDC in satisfaction of the P1 development fee. The Group is also exploring financing options which will be used to fund the P1 development fee. The terms of the convertible note are in accordance with the prospectus and disclosure statement dated 3 December 2012, summarised in this paragraph. If the convertible notes are issued, interest is capitalised at 9% per annum. Under the terms of the convertible notes, NEXTDC and its associates are not permitted to convert the convertible notes to stapled securities but can transfer the convertible notes to a third party. The convertible notes can be converted to stapled securities at the third party noteholder's option within one year of their issue. On conversion, noteholders are entitled to the number of notes they hold multiplied by the face value of each note (\$100), and divided by the conversion price (\$1.00). If not converted or redeemed by the first anniversary of their issue, the convertible notes must be redeemed on the first anniversary of their issue.

**(g) Transactions with other related parties**

Mr Greg Baynton is a director of, and shareholder in, NEXTDC.

Mr Bevan Slattery, a director of and substantial shareholder in NEXTDC, acquired a relevant interest in 20,000,000 stapled securities in the Group through the initial public offering. Underwriters paid Mr Slattery a fee of 3% of the amount subscribed from their underwriting fees. Mr Slattery subsequently acquired a relevant interest in 500,000 stapled securities purchased on market.

**21. Capital expenditure commitments**

APDC Trust has committed to acquire the building constructed on P1 from NEXTDC. The development fee payable to NEXTDC on practical completion of the building is as follows:

<b>Total</b>	<b>23,800</b>	<b>8,330</b>	<b>15,470</b>	

**22. Financial risk management**

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, interest risk and price risk), credit risk and liquidity risk. The Group's overall risk management program focusses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Group. In this note, references to the Group include APDC Trust.

**(a) Risk management framework**

The Directors have overall responsibility for the establishment and oversight of the Group's risk management framework. The Board has established the Audit, Risk and Compliance Committee (the Committee), which is responsible for developing and monitoring the Group's risk management policies. The Committee reports regularly to the Board on its activities.

The Group's risk management framework is designed to ensure that it has explicitly identified the risks it faces and has measures in place to keep those risks to an acceptable minimum.

Notes to the consolidated financial statements

Risks are managed through the effective implementation of various measures and controls which include:

- Board approved compliance arrangements and the risk management framework;
- documented policies, procedures, compliance registers and checklists;
- ongoing monitoring of regulatory obligations;
- ongoing supervision of management personnel and service providers; and
- internal and external reporting.

As at 30 June 2013, the following financial instruments are held:

	Note	APDC Holdings Group 30 June 2013 \$'000	APDC Trust 30 June 2013 \$'000
<b>Financial assets</b>

Interest bearing loans	16	770	1,150
<b>Total financial liabilities</b>		<b>9,813</b>	<b>10,546</b>

**(b) Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risk: foreign exchange risk, price risk and interest rate risk.

**Foreign exchange risk**

The Group currently only operates in Australia and its transactions are in Australian dollars. Consequently, the Group has no exposure to foreign exchange risk.

**Price risk**

The Group is not exposed to equity securities price risk.

**Interest rate risk**

The Group is exposed to interest rate risk predominantly through interest bearing loans. Loans issued at variable rates expose the Group to cash flow interest-rate risk. Borrowings issued at fixed rates expose the Group to fair value interest-rate risk.

As detailed in note 16, the commercial loan provided by NEXTDC is a variable rate loan, with interest charged at 2% above the Bank Bill Swap Rate. Therefore, the Group is mainly exposed to cash flow interest rate risk.

Notes to the consolidated financial statements

Management have assessed the Group's interest rate risk on the \$750,000 loan from NEXTDC to be minimal. It is their intention to consider hedging this amount in the future.

At 30 June 2013, if interest rates increased by 100 or decreased by 100 basis points from the year end rates with all other variables held constant, profit for the period would have been \$21,000 higher/\$44,000 lower, mainly as a result of higher/lower interest income from deposits and interest expense on borrowings.

**(c) Credit risk**

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Credit risk arises from cash and cash equivalents, outstanding receivables and committed transactions. The Group's exposure to credit risk is influenced mainly by the individual characteristics of its tenant. The Group has one tenant (NEXTDC) and therefore there is significant concentration of credit risk with the Group. The Group does not have the benefit of a bank guarantee from NEXTDC. Therefore, the credit worthiness of the tenant is monitored and assessed by the Board, taking into account their financial position and operating results.

**(d) Liquidity risk**

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to managing liquidity is to maintain sufficient cash balances and adequate committed credit facilities.

The Group manages its liquidity risk by using detailed forward cash flow planning and by maintaining relationships with banks and investors in the capital markets.

As at 30 June 2013, the Group and APDC Trust had an excess of current liabilities over current assets:

	<b>APDC Holdings Group 30 June 2013 \$'000</b>	<b>APDC Trust 30 June 2013 \$'000</b>
Current assets	5,227	4,804
Trade and other payables	(713)	(1,066)
Provisions	(2,087)	(2,081)
Net current assets before development fee accrued - P1	2,427	1,657
Development fee accrued - P1	(8,330)	(8,330)
<b>Net current liabilities</b>	<b>(5,903)</b>	<b>(6,673)</b>

The development fee accrued for P1 of \$8,330,000 as at 30 June 2013 is determined by reference to surveys of work performed. The development fee is not payable until practical completion of the base building, at which time the total development fee of \$23,800,000 is payable. For the purposes of providing funding certainty to the Group, NEXTDC has granted the Group the right to issue convertible notes to NEXTDC in satisfaction of the P1 development fee. The Group is also exploring financing options which will be used to fund the P1 development fee.

Notes to the consolidated financial statements

The terms of the convertible note are in accordance with the prospectus and disclosure statement dated 3 December 2012, summarised in this paragraph. If the convertible notes are issued, interest is capitalised at 9% per annum. Under the terms of the convertible notes, NEXTDC and its associates are not permitted to convert the convertible notes to stapled securities but can transfer the convertible notes to a third party. The convertible notes can be converted to stapled securities at the third party noteholder's option within one year of their issue. On conversion, noteholders are entitled to the number of notes they hold multiplied by the face value of each note (\$100), and divided by the conversion price (\$1.00). If not converted or redeemed by the first anniversary of their issue, the convertible notes must be redeemed on the first anniversary of their issue.

The following table provides the contractual maturity of financial liabilities as at 30 June 2013.

	<b>Less than 1 year \$'000</b>	<b>1 to 2 years \$'000</b>	<b>2 to 3 years \$'000</b>	<b>3 to 5 years \$'000</b>	<b>Over 5 years \$'000</b>	<b>Total \$'000</b>

**(e) Capital management**

The Group's capital management policy seeks to maximise securityholder value through optimising the level and use of capital resources and the mix of debt and equity funding.

The Group's capital management objectives are to:

- ensure compliance with capital and distribution requirements of their Constitutions and/or trust deeds;
- ensure sufficient capital resources to support the Group's operational requirements;
- continue to support the Group's creditworthiness;
- comply with capital requirements of relevant regulatory authorities; and
- safeguard the Group's ability to continue as a going concern.

The Group monitors the adequacy of its capital requirements, cost of capital and gearing as part of its overall strategic plan. The Group's capital structure is continuously reviewed to ensure:

- sufficient funds and financing facilities are available, on a cost effective basis, to implement the Group's strategies; and
- distributions to securityholders are made within the stated policy.

The Group is able to alter its capital mix by:

- issuing new stapled securities;
- activating the distribution reinvestment plan;
- adjusting the amount of distributions paid to securityholders; or
- selling assets to reduce borrowings.

Investment properties are insured by the tenant (NEXTDC) with APDC Trust noted as beneficiary.

There are specific capital requirements for APDC Limited, as the responsible entity for APDC Trust and the holder of an Australian Financial Services Licence (AFSL). NEXTDC has provided a commercial loan of \$750,000 to APDC Holdings, to ensure APDC Limited retains sufficient net tangible assets for the AFSL requirements. Management monitors APDC Limited's net tangible assets on an ongoing basis to ensure it continues to meet their licence requirements.

## 25. Subsequent events

On 3 July 2013, NEXTDC sold its 26.45 million stapled securities held in the Group.

A distribution of \$2.08 million (1.81 cents per stapled security) will be paid on 30 August 2013 in respect of the quarter ended 30 June 2013.

Since the end of the financial period, the Directors of APDC Holdings and APDC Limited are not aware of any other matter or circumstance not otherwise dealt with in the financial reports or the Directors' Report that has significantly affected or may significantly affect the operations of the Group or APDC Trust, the results of those operations or the state of affairs of the Group or APDC Trust in financial years subsequent to the financial period ended 30 June 2013.

## Directors' Declaration

The directors of Asia Pacific Data Centre Holdings Limited and Asia Pacific Data Centre Limited as responsible entity for Asia Pacific Data Centre Trust (collectively, 'the Directors') declare that:

- (a) the Financial Statements and notes as set out on pages 31 to 67 and the Remuneration Report in the Directors' Report as set out on pages 15 to 29 for Asia Pacific Data Centre Holdings Limited and its controlled entities (Group) and Asia Pacific Data Centre Trust (APDC Trust), are in accordance with the Corporations Act 2001, including:
  - i. giving a true and fair view of the Group's financial position at 30 June 2013 and of its performance for the period from 24 July 2012 to 30 June 2013; and  
giving a true and fair view APDC Trust's financial position at 30 June 2013 and of its performance for the period from 1 November 2012 to 30 June 2013; and
  - ii. complying with Australian Accounting Standards and the Corporations Regulations.
- (b) there are reasonable grounds to believe that the Group and APDC Trust will be able to pay their debts as and when they become due and payable; and
- (c) note 2 confirms that the Financial Statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The Directors have been given the declaration by the Chief Executive Officer required by section 295A of the Corporations Act 2001.

This declaration is made in accordance with resolutions of the Directors of Asia Pacific Data Centre Holdings Limited and Asia Pacific Data Centre Limited as responsible entity for Asia Pacific Data Centre Trust.

## 15 Independent Auditor's Report

### **Independent auditor's report to the stapled security holders of Asia Pacific Data Centre Holdings Limited and Asia Pacific Data Centre Trust**

#### **Report on the financial report**

We have audited the accompanying financial reports which have been prepared in accordance with ASIC Class Order 05/642 and comprise:

- the consolidated statement of financial position as at 30 June 2013, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the period ended on that date, notes 1 to 25 comprising a summary of significant accounting policies and other explanatory information and the directors' declaration of Asia Pacific Data Centre Holdings Limited which comprises Asia Pacific Data Centre Holdings Limited (the Company) and the entities it controlled at the period end and from time to time during the financial period which form the consolidated entity (APDC Holdings Group).
- the statement of financial position as at 30 June 2013, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the period ended on that date, notes 1 to 25 comprising a summary of significant accounting policies and other explanatory information and the directors' declaration of Asia Pacific Data Centre Trust (the Trust).

#### *Directors' responsibility for the financial report*

The directors of Asia Pacific Data Centre Holdings Limited and the directors of Asia Pacific Data Centre Limited, the Responsible Entity of Asia Pacific Data Centre Trust (collectively referred to as "the directors") are responsible for the preparation of the financial reports that give a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial reports that are free from material misstatement whether due to fraud or error. In Note 2(a), the directors also state, in accordance with Australian Accounting Standard AASB 101 Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

#### *Auditor's responsibility*

Our responsibility is to express an opinion on the financial reports based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial reports are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We performed the procedures to assess whether in all material respects the financial reports present fairly, in accordance with the *Corporations Act 2001* and Australian Accounting Standards, a true and fair view which is consistent with our understanding of the financial position and performance of APDC Holdings Group and Asia Pacific Data Centre Trust.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Independence*

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

**Auditor's opinion**

In our opinion:

- (a) the financial reports of APDC Holdings Group and Asia Pacific Data Centre Trust are in accordance with the *Corporations Act 2001*, including:
  - (i) giving a true and fair view of the Group's and the Trust's financial position as at 30 June 2013 and of their performance for the period ended on that date; and
  - (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.
- (b) the financial report also comply with International Financial Reporting Standards as disclosed in Note 2(a).

**Report on the remuneration report**

We have audited the Remuneration Report included in section 8 of the directors' report for the period ended 30 June 2013. The directors are responsible for the preparation and presentation of the remuneration report in accordance with Section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with auditing standards.

*Auditor's opinion*

In our opinion, the Remuneration Report of Asia Pacific Data Centre Holdings Limited for the period ended 30 June 2013, complies with Section 300A of the *Corporations Act 2001*.
